Bob,

Did you sell the glider that was built in 2013? To qualify for the small business exemption the regulations require that you've sold at least one glider. The regulation is 40 CFR 1037.150(t)(i). Here is the excerpt below:

§1037.150 Interim provisions.

(t)(i) You are eligible for this exemption if you are a small manufacturer and you sold one or more glider vehicles in 2014 under the provisions of §1037.150(c). You do not qualify if you only produced glider vehicles for your own use. You must notify us of your plans to use this exemption before you introduce exempt vehicles into U.S. commerce. In your notification, you must identify your annual U.S.-directed production volume (and sales, if different) of such vehicles for calendar years 2010 through 2014. Vehicles you produce before notifying us are not exempt under this section.

Thank you,
